

User Guide for Lingolet Interpreter Conference (Ver. 1005) (This is the Video User Guide. To be updated)

Connect to an interpreter with the **Lingolet Interpreter Conference** in a few simple steps:

1. Power on the device and connect to wi-fi:

2. Select the language that you need to be interpreted on the home screen:

Which language do you need an interpreter for?

 Spanish	 Chinese (Mandarin)	 Vietnamese	 Russian
 American Sign Language	 Japanese	 Ukrainian	 Settings

Interpreter Gender: No preference
Industry: Education

 Audio Call

 Video Call

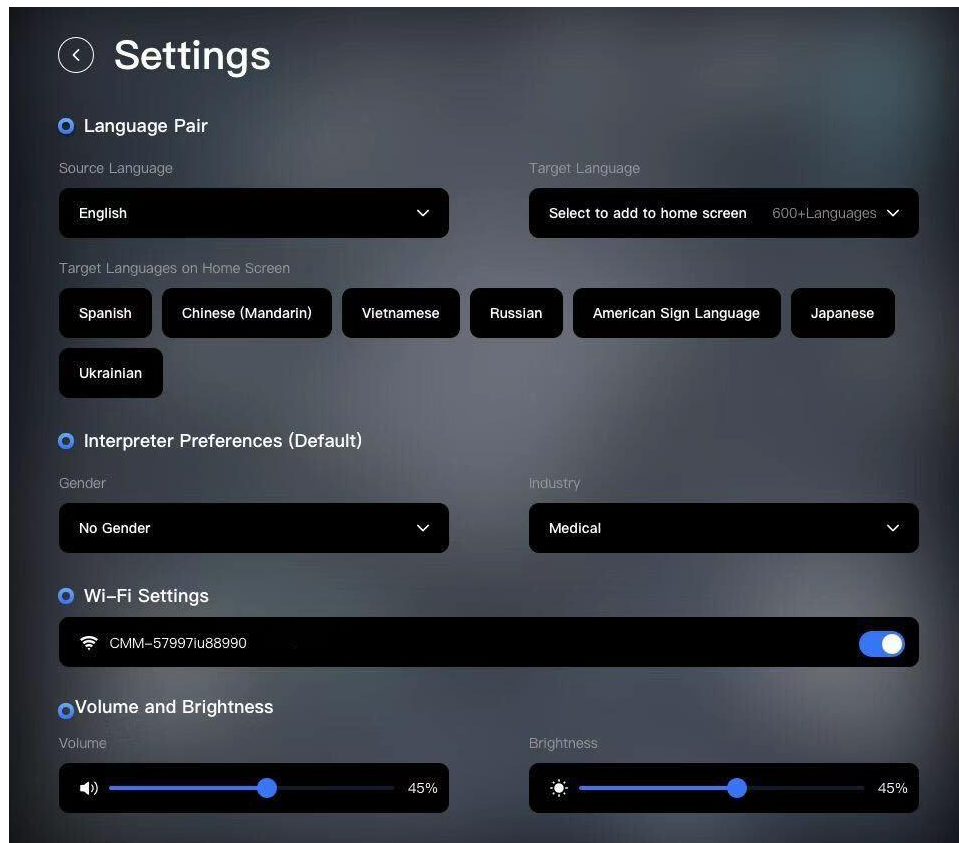

3. Click either **Audio Call** or **Video Call** to connect to an interpreter:

4. When you are finished with the call, rate the interpreter and call quality:

5. Click **Settings** on the home screen to change languages, your industry, or the gender of interpreters:

Add New Languages to the Home Screen

1. Click on the **Settings** button.
2. Click on the **Target Language** dropdown and select a new language.
3. The last language in the list under **Target Languages on Home Screen** will be removed, and the new language will be added to the list.

Changing Industry or Gender Preference

1. Click on the **Settings** button.
2. Click on the **Gender** dropdown and select the interpreter's gender.
3. Click on the **Industry** dropdown and select your industry.
